

# CA Low Carbon Fuel Standard (LCFS) Credit Generation and Verification Programs

*Do you need assistance preparing your credit generation program application? Do you need 3<sup>rd</sup> party verification for your annual report?*

## **Who we are:**

Ashworth Leininger Group (ALG) is an environmental management consulting firm with staff located in the greater Los Angeles, San Francisco Bay, Denver and Houston metropolitan regions. For more than 20 years, ALG has assisted clients in securing local, state, and federal air permits, addressing complex air quality compliance issues, conducting environmental audits, preparing periodic air quality emission and toxic release inventory reports, health risk assessments, assessing facility impacts on local and regional air quality; and assisting with the design and implementation of stormwater, hazardous waste, and hazardous materials management programs.

## **The ALG team:**

Our LCFS team includes four accredited Lead Verifiers and one non-Lead Verifier with accreditations in all sectors specialties: Fuel Pathway, Alternative Fuel Transactions and Petroleum Based Fuel Report. Our LCFS team members have experience in preparing alternative fuel pathway applications and refinery investment project permit applications. Highlighted below are our specific LCFS project experience:

1. Refinery investment and conversion projects (electrification, renewable fuel) (project report category).
2. Crude oil producer in the carbon capture and utilization project (project report category).
3. 3<sup>rd</sup> party verification services for multiple dairy digester biogas to compressed natural gas (Tier 2) applications.
4. 3<sup>rd</sup> party verification services for innovative crude oil production (project report category).

## **Our Approach:**

- Use of seasoned technical staff at very competitive rates.
- Early recognition of key issues.
- Thorough and comprehensive deliverables.
- Effective use of client resources.
- We leverage our broad experience in technical issues to streamline and clarify the process.
